

Seminar Registration Form

When: December 6-10, 2021

Where: Las Vegas, NV - The Wynn

Part 1: Registration/Attendee Information

Name:	Title:
Organization:	
Address:	
City/State/Zip Code:	
Email (required):	
Phone #: ()	Fax #: ()

Part 2: Billing Information

I wish to pay by purchase order**.
Purchase Order # _____

I wish to pay by check**.

**Please send in a copy of your purchase order and/or check (required) along with your completed order form via fax (615-523-1686) or by mail (Attn: Seminar Registration & Processing, 330 Franklin Road, #135A-#232, Brentwood, TN 37027).

ONLINE Registration/Payment Options (recommended):

Payment Methods Accepted Online

- Credit Card
- Purchase Order

Visit http://zhealthpublishing.com/medical_coding_seminars/index.asp and click on the seminar you're registering for. Select the sessions you wish to attend and proceed to check out. (Note: You may select "Purchase Order" under the "Payment Method" drop box on the "Payment Information" page of checkout.)

Part 3: Select Which Course(s) You'd Like to Attend

SESSION:	PRICE (per person)
ICD-10 Coding for Interventional Radiology and Cardiology	\$600
Non-Vascular Interventional Radiology Coding	\$325
Coding Basics for Vascular Coding	\$325
Peripheral Vascular Diagnostic and Interventional Coding	\$1,300
Coding for Cardiovascular Procedures	\$650
TOTAL:	

Course schedule and course descriptions provided on following page.

Are you a ZHealth Online*** subscriber? (circle one) **YES** **NO**

***Please deduct 10% from your order total if you circled "yes" above.

Part 4: Select Which eBook You'd Like to Receive** (select only one) (from Dr. Z's Medical Coding Series)

<input checked="" type="checkbox"/>	Book Title:
	<i>Interventional Radiology Coding Reference: 2022 Edition</i>
	<i>Vascular & Endovascular Surgery Coding Reference: 2022 Edition</i>
	<i>Diagnostic & Interventional Cardiovascular Coding Reference: 2022 Edition</i>
	<i>Diagnostic Radiology Coding Reference: 2022 Edition</i>

****Please note that those attending a one-day session only are *not* eligible to receive a free eBook. Thank you.****

Please list the email address you would like us to send your eBook download link to:

Course Descriptions & Seminar Schedule

ICD-10 Coding for Interventional Radiology and Cardiology - \$600

(CEUs: AAPC - 7.0, AHIMA - 7.0, RCCB - 7.0)

This one-day session provides a detailed introduction to ICD-10-CM and ICD-10-PCS coding for interventional radiology and cardiology, including hints and tips specific to each. A set of ICD-10 Procedural Anatomy Charts with corresponding ICD-10 codes will be provided to all attendees.

Non-Vascular Interventional Radiology Coding - \$325

(CEUs: AAPC - 4.0, AHIMA - 4.0, ASRT - 4.0, RCCB - 3.5)

This 1/2 day session reviews anatomy and focuses on coding guidelines for non-vascular interventions. This includes (but is not limited to) the following: biliary, gastrointestinal, genitourinary, spinal, and breast interventions along with biopsies, drainages, ablations, and fiducial markers.

Coding Basics for Vascular Coding - \$325

(CEUs: AAPC - 4.0, AHIMA - 5.0, ASRT - 5.0, RCCB - 4.0)

This 1/2 day session focuses on basic catheter selection coding. It is intended for newcomers, but is also for intermediate coders. Catheter placement coding today is integral to IR, endovascular, and cardiovascular procedures. Important concepts are taught, including the concept of vascular families, the importance of variant anatomy, selective vs. non-selective catheter placements, and a discussion of S&I codes that must be performed selectively and S&I codes that include catheter placements. Many examples are given to facilitate learning of catheter placement codes, as well as an introduction to basic S&I angiographic codes. This session is given at a slow pace with much repetition and opportunity for questions. At the conclusion, the attendee will be comfortable with the concepts and rules to choose the correct catheter placement code(s).

Peripheral Vascular Diagnostic and Interventional Coding - \$1,300

(CEUs: AAPC - 15.0, AHIMA - 15.0, ASRT - 15.0, RCCB - 13.0)

This two-day session covers a "best practice" scenario for coding and billing vascular procedures for physicians and hospitals, along with pitfalls that commonly reduce coding and billing accuracy rates. This is followed by a review of terminology, anatomy, and physiology pertinent to the vascular system. There is focus on catheter placements and diagnostic angiography of the arterial, venous, portal, and pulmonary systems. Interventional procedures in the vascular system that are reviewed include (but are not limited to) the following: central venous access, IVC filter placement, foreign body retrieval, venous sampling, angioplasty, atherectomy, stent placement, stent graft placement, infusion therapy, embolization, thrombectomy, dialysis intervention, TIPS, and neurointerventional procedures.

Coding for Cardiovascular Procedures - \$650

(CEUs: AAPC - 6.5, AHIMA - 7.0, ASRT - 6.5)

This one-day session is an in-depth discussion of diagnostic and therapeutic cardiology procedures, including the specific rules regarding the coding of angiography, coronary arterial and cardiac chamber interventions, diagnostic and therapeutic electrophysiology procedures, pacemaker and ICD procedures, and peripheral vascular procedures that are performed in the cardiac catheterization laboratory during or separate from a cardiac catheterization. Pediatric cardiac catheterization and interventions are also discussed.

	Monday 12/6/2021	Tuesday 12/7/2021	Wednesday 12/8/2021	Thursday 12/9/2021	Friday 12/10/2021

Additional Seminar & Hotel Information

ZHealth Publishing has selected the **The Wynn** in Las Vegas, Nevada as the location for the final coding seminar of 2019. Earn up to 37 AAPC CEUs, 31.5 ASRT CEUs, 37 AHIMA CEUs, and/or 27.5 RCCB CEUs by attending our 5-day intensive coding seminars, led by expert physician coders Dr. David Zielske and Dr. David Dunn.

Prepare for and take the CIRCC exam at our Las Vegas seminar! ZHealth Publishing offers the CIRCC credentialing exam the day following the conclusion of the 5-day seminar. Visit www.aapc.com/certification/CIRCC.aspx to visit the AAPC website and get valuable information about the new CIRCC credential, as well as information regarding registering to take the exam on December 11, 2021.

HOTEL INFO/PRICING - The Wynn Las Vegas is conveniently located on the Las Vegas Strip, directly on Las Vegas Blvd. There is much to do and see in Las Vegas, including shows such as La Reve taking place right in the Wynn Las Vegas! Act now and book your room for the seminar at a discounted price - ask for the ZHealth Publishing rate of \$239/per night! Visit www.wynnlasvegas.com to be directed to the Wynn Las Vegas website for more hotel and area information, and call them directly at 702-770-7000 to book your stay - make sure you tell the booking agent that you are booking under the **ZHealth Publishing discounted room rate**. *Please note, discounted rate is only available through November 5, 2021.*

Call 702-770-7000 to book your stay - make sure you tell the booking agent that you are booking under the **ZHealth Publishing discounted room rate**. *Please note, discounted rate is only available through November 5, 2021.*

Attention CIRCC-Credentialed Coders...

ZHealth Publishing is proud to be one of only three vendors approved by the AAPC to offer CIRCC-approved CEU credits needed to maintain the CIRCC credential! The AAPC mandates that those wishing to possess and maintain the CIRCC credential must obtain 24 CEUs every two years that are specific to interventional radiology and cardiovascular coding. By attending just one of our four annual ZHealth Publishing coding seminars, you have the ability to earn up to 37 AAPC CEUs (all of which are CIRCC-approved), enabling you to meet the CEU requirements to maintain the CIRCC credential all at once.

Haven't taken the CIRCC exam yet? We make it easy for you to prepare for and take the CIRCC exam. The CIRCC exam is available to take at the very same hotel the day following the conclusion of the seminar. Visit www.aapc.com/certification/CIRCC.aspx to visit the AAPC website and get valuable information about the new CIRCC credential, as well as information regarding registering to take the exam on December 11, 2021.

Need Assistance?

You may contact ZHealth Publishing directly by calling **615-873-1111** during regular business hours (Monday-Friday, 8:30 am - 4:30 pm, CST). We would be glad to answer any questions you may have regarding this or any other ZHealth Publishing educational event, as well as assist you in any way possible with registering to attend the seminar of your choice. We look forward to hearing from you!
