

## List of Laminated Anatomy Charts

Normal Arch Arterial Anatomy—Detailed Transfemoral Approach	Lower Extremity Venous Anatomy Right Transfemoral Approach
Normal Arch Arterial Anatomy Transfemoral Approach	Right Upper Extremity Venous Anatomy
Variant Arch Anatomy—Common Origin of Left Common Carotid and Right Brachiocephalic Arteries—Transfemoral Approach	Descending Thoracic Aorta Anatomy Right Transfemoral Approach
Variant Arch Anatomy—Bovine Transfemoral Approach	Visceral Arterial Anatomy Right Transfemoral Approach
Variant Arch Anatomy—Aberrant Right Subclavian Artery—Transfemoral Approach	Superior and Inferior Mesenteric Arteries Detailed Anatomy
Variant Arch Anatomy—Separate Left Vertebral Origin—Transfemoral Approach	Celiac Arterial Anatomy Variant Celiac Arterial Anatomy
Detailed Cervicocerebral—Arterial Anatomy	Variant Abdominal Aorta Anatomy Right Transfemoral Approach
Arch and Cerebral Vasculature	Portal Venous Anatomy
Cerebral Arterial Anatomy Transfemoral Approach	Venous Anatomy Right Transfemoral Approach
External Carotid Arterial Anatomy Transfemoral Approach	Nephroureteral Stent
Cerebral Venous Anatomy Transfemoral Approach	Liver with Dilated Ducts
Renal and Variant Arterial Anatomy Right Transfemoral Approach	Normal Heart
Upper Extremity Arterial Anatomy Antegrade/Retrograde Brachial	Coronary Arteries and Bypass Grafts
Upper Extremity Arterial Anatomy Transfemoral Approach	Cardiac Electrical Conduction Pathways
Lower Extremity Arterial Anatomy Right Transfemoral Approach	Hypoplastic Left Heart with Repairs
Oblique Pelvis Arterial Anatomy Contralateral Transfemoral Approach	Bypass Grafts
	Hemodialysis Access
